A.W. SMITH TIME WINNER

FINISHES A SECOND IN FRONT OF GEORGE H. LUCAS.

Race Was a Big Event in Every Way -Roads Dusty and Rough, But Good Time Made-Smith's Time, 49.05-Yee Wing Choy's Big Hit and Explanation.

Gunn's big road race ran their fingers among which were a number of women and girls—he swerved back again and through their hair and figured out the he and Gunn met. They spilled. Gunn distances of each man competing for was carried by the force of the speed honors in the event, they did not think he had attained over the tape, while much of the riding strength and endurance of P. A. Papworth. They did not figure on him as one of the boys who was damaged badly, the front wheelwould be likely to show up as a dan-being twisted into all kinds of shapes.

unavailing.
Wildly excited in the outcome of the race, the people simply could not be forced back, and there they crowded, regardless of the danger to riders or to anybody else concerned.

As a result of this there was one some large-sized scratches and bruises on the bodies of the respective participants, Thomas Gunn and T. Luker, but nothing more serious happened. The two riders were coming down the finish on a sprint that almost equalled that of Smith and Lucas. Gunn was slightly in the lead and Luker tried to pass him It was not more than a rod from the tape and as he swerved off to the side to go by, he saw that the crowd would prevent that being done. and the world along toward the end with a lew Caufeatures calculated to please everybody of all ages and varying tastes. What greatest road race held here for many a day. There were fifty-two others in race, and among them were some of the speediest pedal-pushers in Zion.
Of course he had a large handicap, but
it wasn't the limit, and there were others in front of him whom he had to pass. This he did at about the middle of the course, and once he had gotten the first place, he lowered his head, and, try as they would, the others couldn't pass him. And when he reached the finish, although there were none so dangerously near him that he had to do it, he sprinted away and left them still farther in the rear, wondering how it happened and vigorously trying for second honors.

Winner of Time Prize.

And there was another man in the race who covered himself with glory. He is a little older at the business of riding the road than is Papworth, and he was given the scratch because of his ne was given the scratch because of his good record. This was A. W. Smith, winner of one of the road races last year, and taker of the time prize in yesterday's event. It was a bad road that he had to ride, with the dust six inches deep in many places and a very perceptible roughness all the way. This is not very encouraging for good time but Smith surprised everybody by do-ing it in 49 minutes, 5 seconds, which first-class performance, when the condition of the road is taken into

consideration.

The time prize in the big event was not won without a struggle, and one of the closest finishes known to Utah road races accompanied the victory. There was only one other of the scratch men who was able to hold to the pace set by Smith, and that was George H. Lucas. Samuelson of Provo took a fall about half way out, and, incidentally, met with a puncture, so that put him out of the race, and E. J. > Season is Uncommonly Far Advanced -Saltair Had 8,000 People to Enjoy Its New Attractions-Lagoon Drew 5,000 Amusement-seekers

> Salt Lake City's summer resorts opened for the season yesterday with record-breaking attendances. Since last fall Saltair, Lagoon and Calder's park have been renovated and improved to an appreciable degree, and when the thousands of patrons visited these places yesterday they saw much that is new and interesting. From the magnitude of the attendance at each of the leading resorts the managers have good reason to believe that this year's business, with the early start made, will outclass any previous big season's run.

Saltair's Big Day.

Never before in the history of Saltair have so many people been at this popular resort on opening day as passed through the gates yesterday. Probably no less than 8,000 happy souls visited Saltair, a number doubling the record of last Decoration day. Naturally the new managers, Mr. Bateman of the railroad and Mr. Miller of the beach resort proper, were highly elated over the success of the day.

Here and there new faces were to be seen-S. A. Mann, the urbane excursion agent: Lew Dittman, in charge of the liquid refreshment and cigar concessions; Harry Cole, "Brick" Geary and George Silks, running the new bowling alley and roller skating rink sports; Charles Ellis at the gate to the avenue to the bathing rooms; Thomas Howells at the cashler's window; S. H. B. Smith doing duty as chief peace officer, with nothing to do, and James Ure in charge of the men who every morning scrub and sweep the pavilion from top to bot-

Bathing Was Fine.

The bathing yesterday was fine. More than 200 took a dip in the brine, and many stayed in the water for half an hour. The water's temperature was at 4 degrees, and the judgment of those who had the courage to go into the lake was that the water was not too cool to be comfortable. When it is reing to bathe is the last week in June, it is evident that the bathing season of 1900 has begun at least three weeks sooner than is customary. Last Deco-

Innovations This Year.

Among the innovations which are fully appreciated by the public are rules which require that tickets, not eash, must be presented at the gate and that picnickers are not allowed to monopolize the luncheon tables with baskets and boxes unused—they must be checked, but for this service no fee is charged. The nursery where mothers with babies may leave their little ones in the care of competent attendants while they are in bathing, is fill-

ing a long-felt want.

Today the regular time card will go into effect, but tomorrow trains will run the same as on Decoration day to commodate the celebrators of Brigham Young's birthday.

LAGOON THRONGED.

Five Thousand People at This Resort Yesterday.

Aside from the morning attraction of the bicycle races at Lagoon, there was plenty at this resort to interest and amuse 5,000 people, old and young, all yesterday afternoon and evening. The trains were crowded both ways, but the service was all that could be desired.

Scores of families, whole families. were there, and not a complaint was heard that their wants had not been well supplied. Boating, dancing, picnicking, music and all sorts of outdoor amusements and sports were partici-pated in by those who visited this beautiful resort.

ATTRACTIONS AT CALDER'S. Amusement-seekers Thronged This

Near-by Park. The crowd at Calder's park yesterday and last night was a record-breaker, it being estimated that not less than 5,000 people passed through the gates. People from all over the valley were there with all sorts of conveyances, and when patrons of the races began to arrive in the afternoon they had to work their way through the long lines of horses, and wagons before reaching the entrance to the track. *
The shady picnic grounds have all been nicely graveled since last season, and the thousands of people who spent the day there thoroughly enjoyed the conveniences placed at their disposal

by the management.

The boats on the beautiful lake, the merry-go-round and other amusement devices were well patronized and this most popular resort starts the season under most auspicious conditions.

Coalville, May 29 .- As the time for paying bounty on squirrel tails is drawing very near to a close, which by ordinance occurs on Jne 1, the boys and all who have been hunting the little pests have kept Clerk Pack extremely busy for the last few days, but today from early morning till nearly dark there was a constant string of them, necessitating the abandoning of all other office duties for the purpose of receiving and issuing warrants for the thousands of tails brought in at the rate of 3 cents each. About \$500 was paid out today in warrants ranging from \$1 to nearly \$40. Thus it will be seen that there have been received today alone somewhere in the neighborhood of from 14,000 to 15,060 tails brought in, for which bounty has been paid by the county.

Joseph Huffman, aged 27, and Miss Annie Underwood, aged 18, both of Coalville, were this morning granted a marriage license by County Clerk Pack.

A party of Union Pacific magnates, including W. S. Park, who succeeds E. C. Harris in the superintendency of the Wyoming division, were here today and made a visit over the branch to Park City and to the coal mines, inspecting the road.

Wild With Eczema

Fire Could Not Have Been More

Painful.

"After spending two years in taking all kinds of medicines that were suggested for eczema, but without avail, my mother was induced to take Hood's Sarsaparilla. The result was wonderfully gratifying. Her limbs had been terribly lacerated by the disease, and there were times when fire could not have been more painful. She was, in fact, almost wild. Two bottles of Hood's Sarsaparilla completely cured her, and not a trace of eczema was left." E. W. DECKER,

Eat Well, Sleep Well.

"Hood's Sarsaparilla has been a great blessing to me. I was weak, irritable, tired and nervous; had no appetite and was always sad and despondent. One day I got hold of a little book about Hood's Sarsaparilla. I looked it over and resolved to try a bottle. I was better before it was gone, so I kept on until I had taken five bottles. I can now sleep well. feel cheerful and can do all my work, including plain sewing, and I can walk two or three miles a day. I am 55 years old and now feel that life is worth living." Mrs. EMMA SMITH, 68 E. Mitchell St., Oswego, N. Y.

Critical Period of Life.

"I took Hood's Sarsaparilla during the critical period of my life, and now, at the age of 60 years, I am strong and healthy. It is a great medicine for the blood. I find Hood's to be the best." Mrs. H. Pomroy, 22 Lansing Street, Auburn, N. Y.

You can buy Hood's Sarsaparilla of any druggist. Be sure to ask for Hood's and do not accept any substitute.
